## Nasi Lemak Cake

**Nasi Lemak Cake** is a modern rendition of the traditional savory rice dish called “Nasi Lemak” (Creamy Rice).

- ▶ Made with carefully selected fresh ingredients and herbs which act as natural flavor enhancers (lemon grass stalks, pounded ginger stump, turmeric, blue pea flowers, bundled pandan leaves). These fragrant herbs also have anti-inflammatory, anti-stress, and antibacterial properties, beneficial with antiseptic and antioxidants.
- ▶ Prepared and cooked with abundance of love since it is a very labor-intensive process to prepare this dish fresh from scratch, how it was originally done by our forefathers (steamed with banana leaves).
- ▶ We hope you enjoy the experience of sharing this classic savory cake with friends and family as a main dish instead of dessert 😊.

## Cakes with individual packaging
